

Tuen Mun Catholic Secondary School
2023-2024 School Circular Issue No. 20
(Suitable for F.3 students)

17th June, 2024

Dear parents and guardians,

Checking the final exam results and the release of class arrangement in the new term

Please refer to the following items:

1. Checking the final exam results

After completing the marking and inputting of marks on 21st June, the online mark verification link will be distributed via eClass on the morning of 25th June. Students must log in with their personal passwords to check their marks. If there are any queries or corrections, they must contact their subject teachers before 12:00 pm on 27th June.

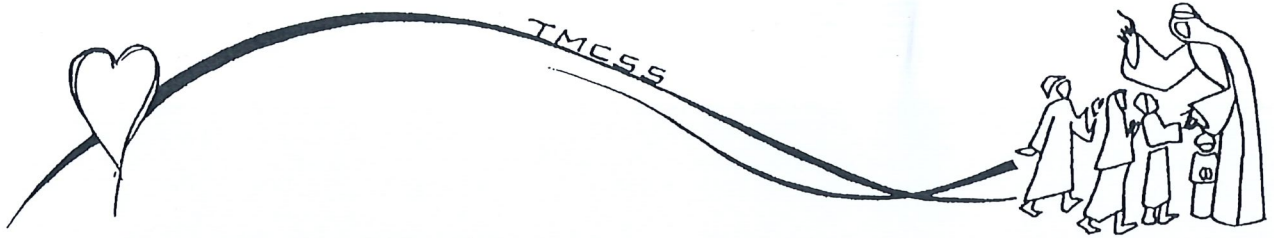

2. Selection of F.4 elective subjects and Release of class arrangement in the new term

The online mark verification link through eClass will be distributed. Students can download a simulated score report and refer to the overall rankings in each subject to choose three elective subjects. On 2nd July (Tuesday) at 10:45 am, students are required to attend the subject selection talk in the school hall. Parents will receive an electronic notice on 2nd July and must submit the reply slip of the subject selection notice by 3rd July. If students fail to complete the subject selection process on time, we will randomly assign them to elective subjects with available vacancies. Students are encouraged to choose subjects based on their abilities and interests and understand the learning requirements of the elective subjects in senior secondary. They should carefully consider their choices to ensure suitability for their individual abilities. For the next academic year, Form 4 will be divided into four classes. Students will be assigned to 4A based on their mathematics performance throughout Form 3, followed by the best English performers in 4B. The remaining students will be evenly distributed into 4C and 4D. The subject selection and class assignment results will be announced on 9th July (Tuesday).

Yours faithfully,

(Wong Kit)

The reply slip should be submitted by 19th June.
